

# WEEKLY PLT MEETING RESOURCES

Your team is working hard to establish a culture rooted in prayer, teamwork and discipleship, and it's important to keep a close eye on those three areas and continue growing as a team. Below you'll find some discussion questions to help your team go deeper into the culture of an Amazing Parish during your weekly tactical meetings.

## UNCEASING PRAYER

- Choose a spiritual devotion (rosary, Divine Mercy Chaplet, adoration of the Blessed Sacrament, Liturgy of the Hours, praise and worship, etc.) and do it together for 15-20 minutes. Then spend another 15-20 minutes discussing how God worked in your heart during that time of prayer.
- Choose a scripture passage to meditate with as a team (some teams like to pick the upcoming Sunday Gospel). Spend 15-20 minutes praying through that Scripture using Lectio Divina or another form of prayer with Scripture. Then spend 15-20 minutes discussing as a team how the passage spoke to each team member.
- The next time you speak with or encounter a parishioner or staff member, stop what you're doing and pray with them.

## HEALTHY TEAMWORK

- Review the Five Behaviors of a Healthy Team exercise and revisit your team's lowest ranking behavior on page 42. Spend 30 minutes answering the following: 1) How does your lowest ranking behavior impact your team? 2) What improvements have you seen on your team since attending the conference?
- Review the fundamental attribution error model on page 38. Spend 30 minutes discussing a time you've struggled with the fundamental attribution error personally. How does the fundamental attribution error manifest itself on your team?
- Review each team member's working style from page 10. What insights have you gained about your team members now that you understand their working styles? How has this insight impacted the way your team interacts? What challenges still need to be addressed?
- Review the virtues of an Ideal Team Player on page 35. Spend 30 minutes completing the exercise and sharing your results with one another. Discuss how you will encourage and challenge one another over the next two weeks to stay true to your resolutions.

## ACTIVE DISCIPLESHIP

- Spend 30 minutes discussing as a team this question: When have you recently felt God's presence in your life? Why?
- Spend 30 minutes as a team discussing how you met Jesus and started following him. On a scale from 1 to 10, how close do you feel to Jesus in your current season of life?
- Share with the team about a time you struggled in your faith or felt distant from God. What were you going through at the time? What's one thing your team members can do for you when you are going through a time of struggle? Spend 30 minutes discussing as a team.
